An Official Government E-Newsletter of Cuyahoga County, Ohio

Dear Friend,

As families across our state prepare to celebrate Thanksgiving later this week, I wanted to take a moment and express my thanks to you for the opportunity you've given me to serve as the first Cuyahoga County Executive.

Over the last four years, we've turned the page on decades of corruption, mismanagement, and cronyism and established a County government that is smart, effective and knows how to get things done for the people it serves. We've shown how local governments should work by creating a \$100 million economic development fund to get our economy back on track; establishing the first countywide, universal college savings account program in the nation; and making significant investments both to rebuild Downtown Cleveland and also to strengthen our local neighborhoods. And none of this would be possible without your support and confidence.

In the coming weeks, I'll have more to share about the progress we've made, as well as new projects we're announcing. As always, I hope you'll share your thoughts with me so that we can continue to move Cuyahoga County forward.

I wish you and your loved ones a safe and happy Thanksgiving.

My best always,

Ed FitzGerald
